Summary

Experienced **Flutter developer** with 2 years of expertise in building cross-platform mobile apps using Dart. Skilled in state management, Firebase integration, and creating responsive UIs with clean, maintainable code. Focused on delivering seamless user experiences.

Skills

- **Languages:** Dart, Kotlin
- **Frameworks:** Flutter, Jetpack Compose
- **State Management:** Provider, Riverpod, Bloc
- **Database:** SQLite, Hive
- **Other:** Firebase, Git, MVC, MVVM, Clean Architecture, Unit Test

Work Experience

Flutter Developer | Mind Mingles, Delhi   **June, 2022 - May, 2024**

Developed new features and user interfaces to ensure the best performance and user experience of the applications.

Responsibilities:

- Integrate third-party libraries and APIs to enhance functionality and features.
- Develop reusable custom widgets to streamline application development.
- Collaborate with designers to implement visually appealing and user-friendly interfaces.
- Implemented robust state management solutions, utilizing Provider, Getx, Bloc to efficiently handle and update the application state.

Projects

ForeAstro App   **Feb, 2024**

Developed the front-end of a Flutter application allowing users to connect with professional astrologers for personalized consultations.

- Created reusable widget elements to ensure consistency and efficiency across the app.
- Collaborated with the UI/UX team to create interactive elements and dynamic layouts, facilitating smooth navigation and usability.

Water Drinking App   **June, 2023**

Developed a comprehensive Flutter application enabling users to monitor and track their daily water intake.

- Implemented intuitive graphical representation using graphs to showcase water intake statistics, aiding users in visualizing their hydration habits over time.
- Extended functionality to Wear OS, ensuring seamless compatibility and accessibility for users on smartwatches, facilitating on-the-go tracking.
- Integrated reminder notifications, prompting users at regular intervals to maintain hydration goals, enhancing overall user compliance and adherence to healthy habits.

Daily Quotes App   **Oct, 2023**

Developed a versatile Flutter application with multiple categories, allowing users to explore a wide range of inspirational quotes.

- Implemented push notifications to keep users motivated by delivering daily quotes directly to user devices.
- Integrated Firebase for real-time updates, ensuring a dynamic and up-to-date collection of quotes.
- Enhanced user experience with theme customization features, empowering users to personalize the app's appearance according to user preferences.

Education

Doaba College, Jalandhar, India   **2015 - 2018**

- *Bachelor of Science in Information Technology*

Montessori Cambridge School, Raja ka Bagh (H.P), India   **2014 - 2015**

- *Class XII - CBSE*

Montessori Cambridge School, Raja ka Bagh (H.P), India   **2012 - 2013**

- *Class X - CBSE*

Academic and Extracurricular Achievements

- Won the Title of Mr. Farewell.
- Led and organized college events as part of the Event Management Committee, demonstrating strong organizational abilities and teamwork.
- Secured 3rd prize in Inter College LAN Gaming Competition, showcasing gaming prowess and competitive skills.
